

**FACTORY BATCH CALIBRATION CERTIFICATE  
 FOR LINESCALE-3i ELECTRONIC LOAD CELL**

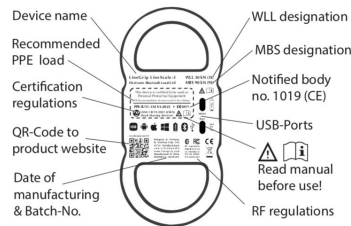

**Certificate No: 09/23-008**

Capacity: 30 kN / 3000 kgf / 6600 lbf  
 Resolution: 0.01 kN / 1 kgf / 2 lbf  
 Measuring range: -10% to 110% WLL  
 Calibration unit: kgf  
 Acceleration value: 9.807 N/kg  
 Calibration ambient temp: 21° C

The LineScale-3i Batch-8 units with manufacturing date Sept. 2023

- identified with label  
**DOM 09/23 • Batch 008**  
 on the rear plate -

are calibrated to meet the specified load precision

*typical ±0.25% @3kN-15kN (sweet spot)  
 max. ±0.75% @0kN-30kN (full range)*

via the 7-point linear calibration procedure in the range of 0.00 to 30.00 kN.

Sept. 30. 2023

Andreas Riedrich  
 - CEO & Development engineer
